PROBATE CHARGING AND TIMESCALE INFORMATION

The amount of time we have to spend on Probate matters depends on the type of form which has to be sent to HMRC.

Which form must be used depends on several matters and not just the value of the estate. We can tell you quickly what form will be needed once we know a little about the estate.

Table 1 shows our estimated costs. You need to **ADD VAT**. These prices are for an estate which is not contested and where all the assets are in the United Kingdom.

Table 2 shows money you may need to pay to third parties. This money is **IN ADDITION** to our costs.

Table 3 shows the work we do for the costs set out in **Table 1**.

Table 4 shows possible extra legal costs you might need to pay. You need to **ADD VAT**.

Please see our website for full details of all our fee earners, their qualifications and experience.

WE DO NOT ADD A PERCENTAGE OF THE VALUE
OF THE ESTATE TO OUR BILL.
